

COTS

Hardware for **VC-MDx** Recording Software. Performance & reliability for your recording application.

The following hardware, Commercial-Off-The-Shelf (COTS), was carefully selected by VoiceCollect® for high reliability and optimal performance with the VC-MDx recording software.

For more detailed technical information please refer to the hardware documentation.

Housing COTS Model A & B

Model A/B with 19" mounting kit

Model C

Model E
